

Dear Behavioral Health & Recovery Services (BHRS) Community,

We are conducting a survey to understand how our move to telehealth services and limited in-person services during the COVID-19 pandemic may have affected the amount and quality of the services you have been receiving from BHRS.

The responses from this survey will be used to evaluate and plan how BHRS can improve our service delivery through the end of the COVID-19 pandemic.

Please visit the link below to have your voice heard.
